INDEX TO VOLUME IV.

PAGE

ABDOMEN, gunshot wounds of 679, 744, 772
— — — at an advanced operating station - - - - - - 772
— — — bladder - - 730, 754, 777
— — — care of patient before operation - - - - - - 698
— — — classification - - - - 749
— — — closure of abdominal wall 344, 701, 754, 777
— — — colon - - - 716, 753, 777
— — — comparative frequency of wounds in the different viscera - 694
— — — — mortality at different classes of hospital - - - 681
— — — conclusions regarding - - 756
— — — constipation in - - - 752
— — — details of 11 non-operated cases - - - - - - 353
— — — details of 21 operated cases - 357
— — — diagnosis - 339, 695, 748, 772
— — — — of intraperitoneal damage 695
— — — effects on the musculature - 703
— — — examination of - - - 339
— — — expectant treatment - - 750
— — — factors causing fall of blood-pressure during operations for - 734
— — — general incidence of - - 685
— — — — statistical results in 1200 cases - - - - - - 742
— — — hæmorrhage in - 738, 745, 776
— — — importance of removing the missile - - - - - - 343
— — — influence of position of wound and direction of missile on prognosis - - - - - 685
— — — initial points to be considered 746
— — — involving rectum through buttock - - - - 754, 773
— — — kidney - - - - - 728
— — — large intestine - 716, 753, 777
— — — liver - - - 723, 754, 777
— — — mechanism of wound production after penetration - - 694
— — — mortality in pre-operative days - - - - - - - 679
— — — nature of projectiles causing 682, 747
— — — non-operated cases 341, 345, 353, 758
— — — notes on 32 cases treated at a casualty clearing station - 338
— — — notes on 63 cases - - 744
— — — operated cases 342, 347, 357, 760
— — — operation for 342, 700, 752, 774

PAGE

Abdomen, gunshot wounds of, operation for, after-treatment 702, 755
— — — — anæsthetic in - 733, 752, 774
— — — — incision - - 700, 753, 774
— — — other injuries complicating 735, 744
— — — pancreas - - - - - 726
— — — particular organs 345, 704, 776
— — — peritonitis in - - 739, 777
— — — possibility of escape of viscera 690
— — — — of spontaneous recovery after perforation of hollow viscera 692
— — — post-operative complications 344
— — — — treatment - - 702, 755
— — — previous mental and physical strain complicating - - - 734
— — — problem of transit - - 747
— — — protrusion of omentum and viscera - - - - 732, 753
— — — rectum - - - 722, 754
— — — relative frequency - - 680
— — — — mortality of different projectiles - - - - - 684
— — — — number of different projectiles and proportion retained 683
— — — resection or suture of damaged gut - - - - - 713, 753, 775
— — — retroperitoneal sepsis in 741, 773
— — — rupture of viscera outside the actual course of the projectile 692
— — — scybala complicating 747, 752, 755
— — — selection of cases for rapid evacuation - - - - - 679
— — — septic absorption in - 739, 777
— — — shock in - 735, 744, 772, 777
— — — — latent interval before onset 744, 745
— — — small intestine - 708, 753, 776
— — — solid viscera (*see also under different organs*) - - - 777
— — — spleen - - - - - - 726
— — — state of alimentary canal in respect of its contents - - 702
— — — statistical summary of 51 cases - - - - - - 778
— — — — — — 1200 cases - - 742
— — — stomach - - - 705, 776
— — — study of 1200 cases - - 679
— — — subjective sensations in 735, 744
— — — symptoms of intraperitoneal damage - - - - - - 696
— — — table of particulars of 45 operated cases - - - - 760
— — — — — 18 unoperated cases - 758
— — — — showing operations and results in 1200 cases - 742, 743

PAGE

Abdomen, gunshot wounds of, time factor in - - - 681, 714
— — — treatment - 699, 749, 772, 774
— — — — causes of failure in - - 734
— — — — of peritoneum - - 754
— — — ureter - - - - - 730
— — — value of delay before operation - - - - - - 745
— — — vomiting in - - - 751
— and pelvis, foreign bodies in, localization of, and reconstruction of track of, by means of serial sections - - - - - 245
Abdominal surgery in America - - 81
— — in Portugal - - - - 317
— wall, closure in gunshot wounds 701, 754, 777
— wounds, surgery in France - - 428
Acquired diverticula, diverticulitis, and peridiverticulitis of the large intestine (*see* Diverticula)
Adhesions, intestinal, due to diverticula 492
After-treatment of so called 'frost-bite,' a note on - - - - 336
Albee's bone-grafting - - - - 77
— — in tuberculosis of the spine 163 *et seq.*
Albuminuria in relation to Ambard's constant - - - - - 402
Alimentary canal, surgery in Portugal 317
Ambard's constant and its clinical importance, especially in urinary surgery - - - - - 386
— — chart illustrating records obtained in 38 cases - - - 403
— — conclusions regarding - - 404
— — data in 38 cases in which it was determined - - - - 398
— — factors causing variation in estimated value - - - - 392
— — laws on which it is founded - 388
— — relation to albuminuria - - 402
— — technique employed in estimating 396
American surgery, contemporary - 74
Amputation, conclusions drawn from an examination of 2000 cases of 422
— in Elizabethan times - - - 558
— the interpelvi-abdominal, with notes on 2 cases - - - - 283
— — indications for - - - 284
— — table of cases - - - - 287
— — technique of - - - - 295
— of the lower extremity - - - 423
— of the upper extremity - - 426
Anaerobic bacteria, histology of the tissues in infection by - - 584
Anæsthesia in American surgery - 75
— disadvantages of local, in operations on the pituitary fossa - - 138
— in operations on the pericardium - 101
— in Portugal - - - - - 316
Anæsthetics for men with wounds of the abdomen - - 733, 752, 774
Anastomosis, arterio-venous, for gangrene - - - - - - 79
— end-to-end, of the axillary artery - 80

PAGE

Anatomical localization of a metallic foreign body and reconstruction of its track - - - - 234
Anatomy, surgical, of the synovial membrane of the knee-joint - 191
Aneurysm (*see also* Blood-vessels, Wounds of; Traumatic and Arterio-venous Aneurysm)
— axillary, following a bullet-wound of the shoulder - - - 603
— surgery of, in France - - - 429
Aneurysmal murmurs, transmission to the heart - - - - - 543
Angioneurotic œdema, intestinal - - 87
Anociation in American surgery - - 75
Apex of heart, variations in position after wounds of blood-vessels 534
Aponeuroses, gunshot wounds of, histology - - - - - 448, 450
Appendicitis - - - - - - 86
— epiploic - - - - - 498, 502
— left-sided - - - - - 498, 502
Appendix, lesions of in abdominal wounds - - - - - - 350
Arm, amputation of - - - - 426
Army Medical Corps in war - - - 1
Arterial intubation - - - - 429
— suture - - - - - - - 429
Arterio-venous anastomosis for gangrene 79
— aneurysm (*see* Aneurysm; Blood-vessels, Wounds of; Traumatic and Arterio-venous Aneurysm)
Artificial limbs in France - - - 432
Aseptic surgery in Portugal - - 316
Auricular nerve, great, gunshot wound of 614
Autoplastic transplantation of bone in injuries of the skull - - 454
— — — — — — records of 11 cases - 457
Axillary aneurysm following a bullet wound of the shoulder - - 603

BACILLARY gangrene arising in gunshot injuries of muscles, pathology - - - - - 562
— invasion of muscle, histology - - 562
Back and buttocks, multiple wounds of, illustration of - - - 57
Bacteria, anaerobic, histology of the tissues in infection by - - 584
Bacterial invasion, importance of thrombosis in promoting the spread of - - - - - - 587
— products, their interference with muscle regeneration and granulation-tissue formation - - 579
Bacteriological examination of wounds 421
— test before secondary suture - 414, 416
Ball, Sir Charles Bent, Bart. : In memoriam - - - - - 9
Barker, Arthur Edward James : In memoriam - - - - - 11
Barling, Lieut.-Col. Seymour : A note on a series of cases of gunshot wounds of the abdomen .. 772
